Client: Kingstowne L.P.

Kingstowne Towne Center is a 150 acre mixed-use commercial center, part of a 1200 acre planned development in Fairfax County, Virginia. A series of workshops with citizen groups, meetings with county staff, and input from the district planning commissioner produced a final development plan that will contain 1.8 million square feet of office space, 300,000 square feet of retail, a hotel, and 623 multi-family residential units.
